- The Transocean liferaft is approved to ISO 9650-1—please contact us for specific pack information
- All Transocean liferafts come with an insulated floor as standard
- The Transocean liferaft is also suitable for YNZ Cat I international voyage, ORC/YNZ Cat III and SOLAS B commercial requirements
- Transocean liferafts come in a lightweight valise or a tough fiberglass container

Transocean liferafts feature a unique double chamber construction. This “tube-within-a-tube” consists of a polyurethane inner chamber within a PVC coated polyester outer shell. This offers excellent resistance outside and is perfectly airtight inside.

All Transocean liferafts are equipped with large water pockets to improve stability and prevent drifting.
